Rosthern and area woodworkers:

In September the Station Arts Centre gallery invites local artists to show their work. This year we are featuring the artwork of those who create with wood.

The title of the exhibit is *'Against the Grain'*. You may submit one or two pieces: carvings, pyrography, turned work, sculpture, anything involving wood that demonstrates one-of-a-kind creativity and craftsmanship. Wall work is welcome as well as three dimensional.

Your **response** with a *title, brief media description, dimensions and price if it is for sale, and your contact information*, should be submitted to the Station Arts Centre by mail or email before **August 12, 2017**. Label your envelope or email with: *"Against the Grain", woodwork exhibit*.

Box 1078, Rosthern, SK S0K 3R0
sac.rosthern@sasktel.net

Delivery of the art work with the above information attached should be made on or **before August 29 at 4:00**.

The work will be on display until the end of September and may be **picked up September 30 at 4:00pm or October 3**.

We look forward to hearing from you.
