- Please list the pieces you'd like to submit. We are accepting up to 2 pieces per person, but if your work is small and you have a cluster of items, we will consider having more. If you want to submit several items for us to choose from, we are open to that as well.
- Please include an image of each piece in a corresponding order. The image is for our selection purposes and does not have to be very high resolution.
- If your piece is selected for the show, we will contact you with more information. We will expect to have work by mid August 2023 so we have time to hang it for September 1, 2023. This exhibit will run for the duration of the month.
- If your work is for sale – we do not handle sales transactions but will put you in direct contact with the buyer.
